Dear colleagues,

We are inviting the submission of **Symposium proposals for the next Annual Meeting of SFRR- Europe**, which will be held in **Vienna, Austria, on June 6-9, 2023** ([www.redoxvienna2023.com](http://www.redoxvienna2023.com)).

Please **submit your Symposium proposal through the SFRR-E web site** (<https://www.sfrr-europe.org/>) before the **deadline of October 15, 2022**. Registered users of the SFRR-E intranet will be able to submit Symposium proposals after they login into the website by choosing the "Symposium proposal" option in the menu on the left-hand side.

**Symposium proposals should be submitted as a single pdf file** using the template available on the web. Your proposal should include a summary of the novelty of the symposium and potential sources of sponsorship (max. 300 words), the names, full address, URLs for **two Chairs, one of them also participating as speaker**, as well as the names, full address, and URLs for **2 additional international speakers** (+2-3 reserves and their addresses). In addition, please include provisional lecture titles and abbreviated CVs for the speakers (max. 300 words) and up to 10 selected publications for each one. **The inclusion of a younger scientist (less 40 years of age) among symposium speakers is strongly recommended.**

An International Scientific Committee will evaluate all Symposium proposals.

Three nights of accommodation at the conference hotel (Radisson Blu Park Royal Palace Hotel), social events, and registration fees for invited speakers and chairs will be provided by SFRR-E.

Best regards on behalf of the Organizing Committee,

Florian Gruber  
Chair of the Organizing Committee

Daniela Caporossi  
President of SFRR-Europe

May 2022
